Mounting cage with anchors for support post swing-arm height restrictor HBS 50/54

The mounting cage is cast into a new foundation and holds four hook anchors in the correct position, so that the support post can then be bolted onto the protruding threads.

KEY FACTS

Accessory Type	Ground anchor
Material	Steel
Hole spacing (c/c)	160 x 160 mm
Item no.	104820
Weight	2 kg

DESCRIPTION

The hole pattern is 160 × 160 mm and matches the 200 × 200 mm base plate on the bolt-down support post for Mannus HBS 50 and HBS 54. The cage is made of steel and weighs approx. 2 kg.
