Simplex triangular lock for swing height restrictor HBS 50/54

The Simplex triangular lock is an add-on for the main post of the Mannus HBS 50 and HBS 54 swing height restrictors.

KEY FACTS

Locking Mechanism	Triangular lock per DIN 3223
Item no.	104953

DESCRIPTION

It replaces the padlock with a triangular lock (similar to DIN 3223) that is opened with a triangular key, for example by the emergency services and maintenance staff. Triangular key sold separately.
