Ground Protection Mat LDPE 2000 × 1000 × 20 mm

The LDPE ground protection mat 2000 × 1000 × 20 mm is a double-sided mat that protects the ground and provides a stable surface when vehicles and machinery need to drive or stand on sensitive ground.

KEY FACTS

Material	LDPE plastic (100% recycled)
Length	2000 mm
Width	1000 mm
Thickness	20 mm
Item no.	2000x1000x20
Weight	39 kg
Minimum order	10 pcs

- Load capacity of up to 30 tonnes.
- Double-sided – both sides have a fine anti-slip pattern.
- Four handles for lifting and moving the mat.
- Can be connected lengthways and widthways to cover large areas.
- Can be stored in a stacking box.

DESCRIPTION

The mat handles loads of up to 30 tonnes and is used, for example, on construction sites, during roadworks and at events where the ground needs protecting for a limited period.

SUITABLE FOR THESE ENVIRONMENTS

- Construction sites
- Roadworks
- Events & temporary barriers

TECHNICAL DATA

Weight Capacity	30 ton
Design	Double-sided

MOUNTING AND FIXING

The mat is laid directly on the ground. Using the Easy connect or Heavy connect connectors, you can join several mats lengthways and widthways so that you can quickly cover a larger area. When the mats are not in use, they can be stored in a stacking box.

MATERIAL AND DURABILITY

The mat is made from 100% recycled LDPE plastic. It is manufactured in Belgium.

FREQUENTLY ASKED QUESTIONS

How heavy a load can the mat handle?
The mat has a load capacity of up to 30 tonnes and provides a stable surface for vehicles and machinery.

Does it matter which side faces up?
No, the mat is double-sided and both sides have the same fine anti-slip pattern.

Can several mats be connected together?
Yes, the mats can be connected lengthways and widthways using Easy connect or Heavy connect.

How do you handle a mat?
The mat weighs 39 kg and has four handles that make it easier to lift and position.
